

Hello Representative Coulombe,

My congregation runs an early education center and I've been advocating for more resources for the Early Education Sector for years. I wanted to personally thank you for your work on HB89. I was thrilled to learn it got past the Finance Committee and I hope it goes all the way.

I would love to do my part in helping to make this bill a success for our community. Let me know if there is anything I can do to support your efforts to get this bill passed. Thank you.
