Subject: Conceal Carry Reciprocity

Hello,

The International Association of Chiefs of Police (IACP) received an inquiry about conceal carry reciprocity from Senator Löki Gale Tobin's office.

The IACP **opposes** concealed carry reciprocity as stated in our firearms policy position [statement](#). The IACP aims to improve public safety and believes that those looking to conceal carry meet a state's minimum requirements. Since states differ on requirements, conceal carry reciprocity has the potential to harm police officers and the public.

The IACP is the world's largest and most influential professional association for police leaders. With more than 33,000 members in over 170 countries, the IACP is a recognized leader in global policing, committed to advancing safer communities through thoughtful, progressive police leadership. Since 1893, the association has been serving communities by speaking out on behalf of law enforcement and advancing leadership and professionalism in policing worldwide.

Please let me know if you have any questions.

Best Regards,

Matt Laforest
