RE: ANTHC Support of Senate Bill 89

Senator Tobin,

On behalf of the Alaska Native Tribal Health Consortium (ANTHC), I write in support of Senate Bill (SB) 89.

ANTHC is a statewide Tribal health organization serving all 229 tribes and all Alaska Native and American Indian (AN/AI) people in Alaska. ANTHC provides a wide range of statewide public health, community health, environmental health, and other programs and services for Alaska Native people and their communities. ANTHC and Southcentral Foundation operate programs at the Alaska Native Medical Center (ANMC), the statewide tertiary care hospital for all AN/AI people in Alaska, under the terms of Public Law 105-83.

At ANMC and across the Alaska Tribal Health System (ATHS), physician assistants (PA) play a critical role in caring for our patients, especially in our remote and rural communities, where timely access to services can be especially challenging. SB 89 acknowledges these challenges and the critical role of PAs in Alaska's health care delivery system, providing long overdue updates to the outdated and increasingly costly administrative barriers currently in law.

The proposed legislation recognizes these administrative deficiencies, and would enable a greater degree of flexibility among physicians and provider groups to focus on their community and patient need, helping ensure Alaskans across the state have access to high quality care in a timely manner.

Thank you for your leadership in sponsoring SB 89. Please do not hesitate to contact me at mmartin@anthc.org or 907-365-9334 with any questions or if additional information can be provided.

Sincerely,
