Army Career Skills Program (CSP)

The Army Career Skills Program (CSP) is a component of the Transition Soldier Life Cycle model that encourages Soldiers to capitalize on training and development opportunities throughout their military careers so that they grow and develop as Soldiers fully capable of serving our Nation—both in uniform and as civilians beyond their military service.

The Army Career Skills Program (CSP) began its first program on 14 January 2013 at Joint Base Lewis-McChord with the United Association – Veterans in Piping (UA-VIP) CSP hosting 16 Soldiers with 14 completing the program and 14 hired into civilian careers after their military service. To date, over 49,965 Soldiers have completed one of the 226 CSPs hosted at 31 IMCOM installations, partnering with over 4,000 employers
