Re. Mark Neuman,  
Once again I call your attention to the HB 139.  
Mark, this bill is a serious detriment to the quality of all veterinary medicine in the State of Alaska.  
I cannot believe an Alaska Representative stating..... "isn't a bad veterinarian better than no veterinarian".  
That statement is insulting to the profession of Veterinary Medicine..it is also insulting to the State of Alaska, especially since our State Sport is sled dog mushing.  
The entire Bill shows lack of knowledge, lack of concern for constituents, total lack of concern for animals and lack OF professionalism on the part of Rep. Wilson.

It is VERY IMPORTANT that this Bill 139 --- DOES NOT PASS .

Please, I request that you STRONGLY oppose HB 139.  
Sincerely,  
James Leach III DVM
