FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. SB099

Analysis

SB 99 allows an Alaska-issued certified public accountant (CPA) license to be used in lieu of a national certification in the field of guardianships to qualify for a private professional conservator license; removes the requirement for individuals to comply with AS 08.26.060 when applying for a temporary conservator license or temporary private professional full or partial guardian license; and allows individuals who are likely to become licensed as Alaska CPAs to qualify for temporary conservator licenses, the way individuals who are likely to become national certified in the field of guardianships can qualify for temporary conservator or guardian licenses currently.

If the bill passes, the division will combine the regulatory changes required by this legislation with planned regulations projects. The division does not anticipate fiscal impact from this legislation.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Per AS 08.01.065, licensing fees for each occupation are set so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
