

Title of Grant	State or Federal	Grantee	Amount	Purpose
Career and Technical Education				
Perkins Postsecondary Grant	Federal	Ilisagvik College	\$ 75,000	Provide CTE programing to current and potential postsecondary students. This project will expand capacity at Ilisagvik College and provide quality workforce training to North Slope-based, primarily Iñupiaq residents.
Perkins Postsecondary Grant	Federal	Area Health Education Centers (AHEC) at the University of Alaska Anchorage (UAA)	\$ 207,000	Provide CTE programing to current and potential postsecondary students. AHEC will implement a minimum of six intensives per year available to at least 90 students throughout the state. Each intensive is part of a CTEPS and will increase student interest in and knowledge about healthcare careers.
Perkins Postsecondary Grant	Federal	Prince William Sound College (PWSC) via University of Alaska Anchorage (UAA)	\$ 50,000	Provide CTE programing to current and potential postsecondary students. This grant supports the Marine Service Technology (MST) 12-week intensive program for the academic years 2023-2025. The project’s objective is to provide direct instruction in vessel and engine repair to a total of 60 high school seniors (10 seniors each semester).
Perkins Postsecondary Grant	Federal	Alaska Vocational and Technical Education Center (AVTEC) via DOWLD	\$ 104,600	Provide CTE programing to current and potential postsecondary students. AVTEC will work with school districts, industry partners and AVTEC training programs to recruit and enroll students into training that will be delivered during the school year, thus allowing them to earn and/or make significant progress in earning certifications and credentials valued by Alaskan industries.
Perkins Non Traditional Occupation Grant	Federal	University of Alaska Southeast	\$ 30,000	Provide CTE programing to students in underrepresented occupations (females in welding, males in nursing, for example). UAS is developing and delivering a strong secondary to postsecondary career pathway for young women in construction, in order to improve representation in this non-traditional occupation. These finds will be used to award tuition assistance for women who enroll in the UAS Construction Technology program.
Perkins Non Traditional Occupation Grant	Federal	Prince William Sound College (PWSC) via University of Alaska Anchorage (UAA)	\$ 30,000	Provide CTE programing to students in underrepresented occupations (females in welding, males in nursing, for example). This grant will support tuition and housing costs for dual-enrollment Non-Traditional Occupations (NTO) students in partnership with the full range of Prince William Sound College's dual-enrollment partner schools, including but not limited to Valdez City Schools, Copper River School District, and Cordova Schools, and homeschooling students.
Perkins Professional Development Grant	Federal	Alaska Vocational Technical Center (AVTEC)-DOL&WD	\$ 22,548	Provide training and skill development for teachers and instructors of CTE courses. AVTEC will provide flexible and accessible professional development opportunities for Type M and Type A teachers through a blended learning model including 40 hours of online learning modules, instructor facilitated online meetings to build community and reinforce learning, and a hands-on practicum alongside a postsecondary CTE subject matter expert instructor.
Perkins Professional Development Grant	Federal	University of Alaska Southeast (UAS)	\$ 24,994	Provide training and skill development for teachers and instructors of CTE courses. This project aims to provide intensive professional development for CTE teachers at Petersburg High School and in surrounding districts, focusing on computer-aided drafting and design, welding, and construction skills while building a dual credit pathway from Southeast schools to the University of Alaska Southeast.

State and Federal Grants not listed in the 2024 Annual Report to the Legislature
FY2025 Grants

Title of Grant	State or Federal	Grantee	Amount	Purpose
