Hi.

I am writing in Support of SB - 107 known as the Alaska Sunset Commission.

We need this Commission!

Blessings,
Fr. Randy Hillman +

Subject: For your consideration

Senator Kawasaki,

With the tax bills and large funding increases being proposed, I think it is important that you support SB 107 to get it considered and moved through the process. We also need audits of state spending by an independent objective commission, so we can get rid of unnecessary spending.

In addition to this, I would appreciate for you to support a constitutional spending cap (SJR4). The state can not keep spending money we don't have. No business or household would do that without going bankrupt and I would hate to see the beautiful state do that.

Sincerely,

Dorte Mobley
