I want the record to show that I  
Strongly oppose SJR6 that would allow DC statehood

Dear Senate Judiciary Committee,

I understand the reason to add one additional Liberal state to our union, but a 10 mile radius state infested with overpaid elite government official residences is not going to help make good voting choices for the hardworking American who supports their wages with tax dollars for the rest of the Nation.

NO to DC becoming a state of the Union!

Dear Senators,  
My husband and I do not support DC becoming a state. The District of Columbia should remain a district for the simple reason it was set up as a district so that no one state would have more power than another being the home of our national government and we believe that is exactly why they want to make DC a state. We say NO to that!  
DON'T DO IT!  
Sincerely  
Mr. and Mrs. Timothy (Ruby) Shorey

STOP changing what our founding Fathers have done! It was for good reasons! They were thinking about our GOOD future unlike most they had good in mind!  
We are aware of the undermined schemes of many!

Thank you

As an exhausted taxpayer and an active voter, I adamantly oppose making Washington, DC a state. This would add 2 senators from the DC area and would tip the power of the senate towards east coast interest and take our voices away from the west coast. I oppose any measure that would take away from our voices in the US Senate or House of Representatives. If you need an idea of what to do with DC turn it into a giant park with food trucks, family friendly and useful year round.

Thank you
