STATE OF ALASKA 2025 LEGISLATIVE SESSION

BILL NO. HB116

Analysis

HB 116 provides an exemption from Title 21, Insurance, to allow the commercial fishing industry to establish an insurance pool, similar to the Purse Seine Vessel Owners' Association, that is operating in Washington State.

Under this proposal, the Division of Insurance would see a reduction in premium tax revenue due to a loss of taxes collected from policies that enter into the commercial fishing insurance co-op and are therefore no longer subject to taxes under Title 21. Surplus lines companies write wet marine transpiration policies and pay taxes under AS 21.33.055. Admitted companies write wet marine transportation policies, but the division does not have an accurate estimate of how many vessels are written because policies on vessels do not have to submit rate or form filings to the division. The division collects 0.75% ocean marine tax per AS 21.09.210(d) on all policies.

For calendar years 2021 - 2024, the Division of Insurance collected the following taxes on policies (in whole dollars):

Calendar Year	Surplus Lines	Admitted Market
2021	\$16,258	\$182,752
2022	\$21,104	\$201,708
2023	\$34,656	\$248,723
2024	\$36,856	\$176,445

The impact of this change to annual premium tax revenue collections cannot be estimated at this time.

(Revised 9/6/24 OMB/LFD)
