Date: 02/13/18

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. CS SB 92 J

Analysis

SB92 would have an indeterminate fiscal impact on the department.

The department will only impound and dispose of derelict vessels if a situation that requires action arises. In that event, and to the extent that funds are available to reimburse the department from the Derelict Vessel Prevention Program Fund established by section 23 of this bill, the department would bear a fiscal impact. The impoundment and disposition of a derelict vessel can range from thousands to millions of dollars, depending on size, location, and condition of the vessel. The number of derelict vessels that would require department action, and the associated costs, is variable and indeterminate.

The cost of updating regulations will be absorbed under the existing RSA with the department of Law.
