Committee Substitute for House Bill 301 Explanation of Changes from ver M to ver E

"An Act relating to the renewal of a license involving alcoholic beverages; relating to the renewal and transfer of ownership of a beverage dispensary license or restaurant or eating place license; and relating to issuance of an outdoor recreation lodge license in a local option area."

Section 3

Page 3, Line 27, remove "established village"

Removes the phrase established village from the room rental requirement calculations. This is consistent with how the statute has been applied in the past, and removing it maintains the status quo rather than requiring the recalculation of populations and room requirements, further disrupting the industry and current licensees.

Page 4, Line 16, remove "on the licensed premises," after "holder of the license"

This was removed to ensure that the entire establishment wasn't considered the licensed premises, otherwise it is possible that a cottage or hotel room would require that everyone in the room is 21 years of age and/or with a parent or guardian.
