

I support HJR 27, term limits for legislators, and urge prompt action to allow this to be on the ballot in the fall of 2018. Doing so will allow plenty of opportunity for discussion and education statewide ,and ultimately voters will decide.

Juneau has had term limits for Assemblymembers (and appointed boards and commissions) for many years. This allows fresh views, perspectives, and energy. Term limits for Governor also serve to ensure that the same person does not continue to be elected to incumbency advantage.

Regards,

Karla Hart
Juneau
