FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. cshb82

Analysis

HB 82 amends the criteria in AS 28.10.011 that determines which vehicles are exempted from registration; adds a new section to AS 28.15.126 to provide a description of an off-road restricted driver license; defines the area it can be used; and requires the Division of Motor Vehicles (DMV) to publish a list of areas that qualify as an off-road system area.

A new definition of "off-road system eligible area" will be added to AS 28.90.990(a). This bill will also change the reference for the areas that qualify for a waiver of the ignition interlock device used for limited licenses from AS 28.22.011(b) to AS 28.15.126.

Cost to DMV:

DMV anticipates increased staff time to process the number of drivers applying for off-highway licenses, perform research and send letters to customers who won't qualify due to traffic law violations, and for the annual review and upkeep of the community lists. Existing staff will absorb these duties; therefore, the agency submits a zero fiscal note.
