## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2018 LEGISLATIVE SESSION

BILL NO. HB336

### Analysis

**HB336 version "D"** amends AS 13 to add a new Chapter 56 *Supported Decision-Making Agreements*. A supportive decision-making agreement, created by this bill, formalizes the relationship between an individual requiring supportive decision-making and the individual providing the support.

The supported decision-making agreement supports individuals to make significant decisions and exercise their legal capacity. The specific decisions with which the supporter may assist the person include: medical, psychological, financial, and educational.

Potential supporters may be friends, family, volunteers, and community members. These unpaid supporters may help the person to gather, understand and consider relevant information about the decision in question, assist the person to weigh pros and cons, predict likely outcomes and consequences or evaluate the available options. With this support, the person then makes the decision themselves.

Authority is granted to the department to establish the regulations and forms required to implement the statute. The department would require technical assistance from the Department of Law to create regulations and forms.

In FY2019, associated time for form and regulatory drafting will include an estimated 40 hours legal and paralegal support, which is equivalent to \$15.0.
