

**Subject: Support for SB54: Extension of AELS Board and Registration of Interior Designers**

Dear Sen. Donald Olson,

I hope this message finds you well. I am writing to express my strong support for the passage of SB54, which seeks to extend the AELS Board and establish a formal registration process for interior designers.

This legislation is vital for enhancing professionalism and accountability within the interior design industry. By recognizing and registering interior designers, we can ensure higher standards of practice and better protect the interests of public welfare.

Thank you for considering this important measure. Your support in passing SB54 will greatly benefit our profession and the communities we serve.

Sincerely,

Melissa Wiltfong
