Subject: H.B. 272

Dear Representative Josephson:

I enthusiastically support House Bill 272 to establish a Tangle Lakes State Game Refuge. This is an area that deserves protection for the benefit of both the animals that depend on it and the people who experience the unique beauty of the area. One important consideration is that the area is easily accessible to a large portion of the population of the state and so provides important wilderness experiences for large numbers of people. It is the favorite place of my grandchildren, who have learned to appreciate the importance of wilderness areas from their experiences camping, fishing, and hunting in the area.

Thank you for your consideration.

On Saturday, February 10, 2018, 2:27:42 PM AKST, Linda Rutledge <potledge@yahoo.com> wrote:

Dear Committee Members,

As residents of Alaska for 42 years, we have valued the region for the proposed Tangle Lakes State Game Refuge. We have hunted, fished, picked berries, camped and hiked through the area. This has been our breadbasket of food and recreation throughout our homesteading life. We value the area not only for what it provides for us, but also for the wonderful habitat it provides for other animals. The wildlife thrives in this homeland, and we should respect their need for healthy habitat and do everything possible to allow continued success for all. HB 272 would advance that goal and should be moved on with your approval.

Sincerely,
Linda and Charlie Rutledge

Subject: HB 272

Dear Representative Josephson,

I support House Bill 272 to establish a Tangle Lakes State Game Refuge. The Tangle Lakes area has been the Nelchina Caribou Herd's most-used wintering habitat in Unit 13. Because lichens, the primary winter food of caribou, regrow slowly, caribou must move around and use different areas in different years. Caribou survival thus depends on making sure that favored habitats are not impacted. Caribou also use the area for the fall rut. The area is important for other wildlife as well—from moose to fox, from trumpeter swan to arctic warbler, from burbot to grayling. With climate change bearing down on our vulnerable wildlife, protected areas are vital.

Thank you for your work in protecting Tangle Lakes!

Sincerely,

Ceal Smith

Dear Senator Bishop,

I support HB 272 introduced by Representative Andy Josephson, to establish a Tangle Lakes State Game Refuge. This area has been near and dear to my heart the 43 years I've lived in Alaska. Tangle Lakes is the place I go for solitude, berry picking, hunting, canoeing, wildlife viewing, hiking, and camping. The beauty and grandeur of this special place needs to be protected from mining and any other degradation. This is truly a sacred place that heals the spirit. Every year the environmental organization I am involved with helps sponsor the Project Healing Waters program for wounded veterans and soldiers at Tangle Lakes. It is so heartwarming to see the transformation of these special people when they interact with nature. Nature is a great healer and the Tangle Lakes area is the perfect place to go for this therapy. Please support this Bill that will help keep this sacred place alive and well.

Thank you.

Sincerely,

**Subject:** Tangle Lakes State Game Refuge

To Representative Josephson,

Thank you for pre-filing House Bill 272. As an Alaskan resident, I have fallen in love with the Tangle Lakes area and brought my younger brother up from Florida this past fall to chase caribou around that area to try and fill my Unit 13 tag (DC 485). It's an incredible area and filled with opportunity for all sorts of renewable resource usage from hunting and fishing, to berry picking and hiking. I plan to write a comment piece thanking you for your support and I thought in the meantime you could read the article I wrote on my hunt in the Tangle Lakes area. My only request is that if you recognize the peaks, don't tell anyone where we were at. ;)

Subject: Tangle lakes

Please make wildlife and subsistence hunting and foraging a priority over mineral extraction in the Tangle Lakes area. We have used this area for many years as a source for our food. We value the Nelchina Caribou heard and we do NOT believe resource extraction can co-exist without damaging the heard's health. We value the public land as a priority for public use, NOT special interests. This is a very special place that has a long history of subsistence. Resource extraction is a short sighted, damaging use of this public land.

Dear Representative Josephson:  
Thank you for introducing HB 272. I strongly support creating a game refuge in this area. It is also important bird habitat and a great area for biking and camping.

As a long time Alaskan, I recognize our natural renewable resources -- game, fish, millions of migratory birds, wilderness, quiet lakes -- to be critical to our economy, and a legacy to pass on. So many other states have not learned how important these are until they have paved, mined, drilled, and developed over most of them. Let's not make that mistake.

Thank you,

Subject: Thank you!

Dear Andy,

Thank you for your work on the bill to designate Tangle Lakes a state game preserve!

I am a photographer and guide who has lived in Alaska for the past 26 years including the last 19 years in Fairbanks. I run a small guiding business taking people from all over the world to Prince William Sound, the Interior and the arctic (Dalton Highway). I am a one person operation, but occasionally hire a guide to assist me.

I am out in the field all the time and I am appalled by what I see in the way of management of state fish and game resources and state land and it has gotten much worse. In particular along the Dalton Highway. This is no longer 1948 and Alaska is no longer "The Last Frontier" Game regulations need to change to reflect the fact we are in the 21st century and there are now 700,000+ people living in the state! At this time when oil revenues are dwindling tourism is a bright spot on the economic horizon for the state. I just finished my 2017 book keeping and just my little business put \$300,000+ dollars into the local Alaska economy in the way of hotels, meals, flights, supplies, etc.

I would love to talk with you about the future and meaningful changes in game regulations to reflect the overwhelming majority of NON-CONSUMPTIVE game users. In turn ecotourism should be taxed, but only if game refuges are set aside where non-consumptive users can observe and photograph wildlife and birds while NOT being harassed by overly aggressive hunters! I am not suggesting banning hunting, in fact I am pro hunting and have hinted in the past myself. I am merely suggesting that certain areas are set aside for non-consumptive use, as this reflects what the majority of Alaskans want.

I am presently in Chile on my way to guiding a group in the Falkland Islands and then in to Antarctica for a 2 week work trip. I will be back in my office in Fairbanks in early March and would love to dialogue about this.

Thank you for your time to read this!

Regards

Hugh Rose

**To:** Rep. Andy Josephson <Rep.Andy.Josephson@akleg.gov>  
**Subject:** HB 272 Tangle Lakes State Game Refuge

Dear Representative Josephson,

Thank you so much for introducing HB 272!

My husband and I have lived and raised a family in the Copper River Basin since 1977, having come here from Fairbanks where my mother homesteaded. I love this land and the lifestyle it affords! But I also am a mom and understand wanting jobs and a future for my kids.

I think HB 272 supports my desires to continue to be able to rely on game meat and enjoy the fascinating landscape and geology of the Tangle Lakes area. The bill's main purpose is to protect wildlife and its habitat, but that will double the purpose by also preserving the land.

My husband is an avid, fair chase hunter, so game and salmon are what we eat for meat. I supply the non-meat side for the table, from the garden to the bread—but also berries, and the area is a good source for those. I relish going on hunts, even though I pick berries or take photos or facilitate kids, because hunters get out into the best places, like Tangle Lakes. My husband was also a recreational miner, and he made

sure this bill didn't exclude that.

So when I think that there is a bill that will safeguard the caribou herd and be good for local businesses and protect the land for berry pickers, photographers, tourists, archaeologists, and others while not ruining anyone's jobs or future, I think it shows farsightedness and needs to be supported. I also am very appreciative of you for the work you are doing to bring about the Tangle Lakes Game Refuge.

Felicia Riedel

**Sent:** Monday, February 26, 2018 8:46 PM  
**To:** Rep. Andy Josephson <Rep.Andy.Josephson@akleg.gov>  
**Subject:** I support HB 272

Dear Representative Josephson,

Thank you for your foresight and hard work on HB 272!

I want this, too, and sent this to House Fisheries and my representatives this evening:

What I want to do during summer . . . is take a driving geologic tour along the Denali Hwy. using my book, *Rocks, Ridges & Glaciers*. I love the Tangle Lakes for the hunting adventures our family has had there and the scenery that demands I get my camera out, but I am also fascinated by its unusual look caused by unique geologic processes producing eskers, cirques, kettle lakes, and kames. The Tangle Lakes area forms the headwaters of the Delta River, one of the few rivers that originate south of the Alaska Range and flows north, eventually reaching the Bering Sea. It is a crazy, special place!

The Tangle Lakes area is so rich in things to do for hunters, fishers, photographers, berry pickers, paddlers, or geology buffs that establishing a State Game Refuge just seems like it can only be a win-win because it won't take anything away from anyone else.

Sincerely,

Felicia Riedel

Kenny Lake, AK

Sent from my iPad. My name is Delmar Johnson, I have lived in Fairbanks for over 40 years. During those 40 years I have made probably 38 summer trips into Land Mark Gap Lake. My kids were raised camping and catching fish there. I feel so privileged to have found such a spot. I truly would not want to see any upgrades for access, or development as it will entirely change the remote beauty of the area. I think one should earn the right to use and view the region by the challenge of entry. Protect it from the hoards! Thank you, Delmar.

**Subject:** Tangle Lakes

I understand that tomorrow there will be public testimony for HB 272. I am a supporter of this bill to create a Tangle Lakes State Game Refuge and believe that this idea has had wide support ever since conveyance of these lands in 2003. I have enjoyed the archaeological significance of this area since moving to Alaska 25 years ago. I have property in Cantwell Alaska specifically to be able to enjoy the Denali Highway.

The most beautiful and diverse area to me is around Tangle Lakes where I love to canoe and discover wild plants and gather berries and medicinal plants. In Alaska our fragile boreal/tundra ecosystems can be easily damaged. This area deserves a protected status to allow it to continue to nourish the human connection to these landscapes. I do believe that mining activity is out of sync with this area and should not be allowed.

I attached a few docs which show the importance of this area, they have much to share. Thank you for your time, Cathy Lieser Cantwell, Alaska

**Subject:** HB 272 Tangle Lakes Game Refuge

Greetings,

I am in support of HB 272, establishing a Tangle Lakes Game Refuge. I go to the area every year for peace and solitude, berry picking, canoeing, boating, hiking, hunting, wildlife viewing, and photography. This area is a very special and sacred place and needs to be kept that way. We need these places and the earth needs these places to stay intact.

Thank you for your consideration.

Sincerely,  
Janelle Eklund  
Kenny Lake, Alaska

**Subject:** HB272 Tangle Lakes State Game Refuge

### Tangle Lakes State Game Refuge

I support the passage of HB 272 that would establish the Tangle Lakes Game Refuge (Refuge). My primary reason is the permanent protection of the Nelchina Caribou Herd population and their significant habitat in the Refuge area. This herd is the hunting focus of much of urban Southcentral Alaskan hunters. The herd is a subsistence resource for Copper Basin area residents and Cantwell.

The Refuge would also protect other wildlife species habitat. Subsistence hunting and fishing, sport hunting and wildlife viewing are important uses of the area. The views of the land and waters are spectacular and complement the Denali Highway vistas. Recreational, scientific, aesthetic and educational purposes would be fulfilled. The management of human uses would be compatible with Refuge goals. The current mineral claims and private property access will be assured and remain in effect. Prevention of land sales on the state land is a worthy goal.

This is long overdue.

Hi Andy,

Good job on the Tangle Lakes Game Refuge! As an archaeologist I applaud any and all initiatives to protect the habitat and resources in that unique area.

Thanks for all you do.

Subject: Support HB 272 Tangle Lakes State Game Refuge

Dear Resource Committee Members,

An impressive number of Alaskans, and some Outside visitors as well, have cared enough about the Tangle Lakes region to sign the attached Letter to the Legislature. This was not a quick, press-the-button sign-on. Many signed paper petitions at booths and events, and took the time to include how they use the area. They hunt, fish, pick berries, etc. (Please see "how recreate" column in attached spreadsheet.) Some of the signers are business owners. (See first column of spread sheet.) To make it easier for you to see which are from your districts, the list is arranged alphabetically by city.

Copper Country Alliance is a small non-profit conservation organization that has served the Copper River Basin for over 25 years. Our organization, partner organizations, and concerned individuals have spent years seeking ways to ensure that the Tangle Lakes region remains a place where wildlife flourishes and humans hunt, fish, and recreate.

We hope this information will help you understand the value of creating a Tangle Lakes State Game Refuge for the benefit of current and future Alaskans.

Sincerely,

Ruth McHenry

I am in support of making the Tangle Lakes area into the Tangle Lakes State Game Refuge. The Nelchina caribou herd has a lot of pressure due to it being accessible from urban areas via the road. Protecting the herd will maintain its availability for subsistence & sport hunting. Many people in the area depend on subsistence hunting for their winter meat.

Sincerely,

Cathy Teich

**Subject:** Tangle lakes Game Refuge

To Whom It May Concern:

I am writing this e-mail in support of the establishment of the Tangle Lakes Game Refuge. My wife and I have been using this area for many years...hunting, fishing, camping, recreating etc. and have seen substantial changes in this area over the last thirty years. The popularity of this area has increased substantially and the impacts of that increase are visible in increased OHV use, camping, boating, hiking, and in my opinion effects on the wildlife and fishing populations.

I am very familiar this area . I was the lead recreation planner for BLM for many years, who had management responsibility for a portion of the subject area, and have a wildlife management degree. I have seen substantial changes in this area, mostly a large increase in popularity for hunting and OHV use. I have seen a displacement of caribou migration patterns from this use. Increase of management will hopefully help the situation. Again I am very supportive of this designation.

Respectfully:

Paul G. Boos and Janelle B. Eklund

**Subject:** HB 272, Tangle Lakes State Game Refug

Dear House Resources Committee,

Thank you for considering HB 272, a bill to create a Tangle Lakes State Game Refuge.

My name is Craig Brandt. I have lived in Interior Alaska since 1983. For most of those years have considered Tangle Lakes a favorite place to fish, canoe, hike, and hunt. I value the place for its unique combination of beauty, accessibility, and the diverse resources it offers, and designation as a game refuge would serve to protect the many uses I and others enjoy here.

I have heard the argument that creating this kind of public space would be considered 'locking up the land.' It's a debatable argument - if the land is turned over to private commercial or residential interests, then it is also 'locked up,' and in that case, it is 'locked up' against the general public, including not only the residents of Alaska, but also visitors who travel here to enjoy the outdoor recreational opportunities that our state has to offer.

For these reasons, I would encourage you to vote to move this bill forward.

Thank you very much for your time and consideration

Craig Brandt

**Subject:** Support for HB 272 - Tangle Lakes State Game Refuge

Good Morning Lisa,

I would like to convey my support for HB 272 - Tangle Lakes State Game Refuge. As a hunter and forager using public lands, I am acutely aware of the need to protect these wild places. The Tangle Lakes area has historical, ecological, and economic value to the state. Protecting these lands from irresponsible non-renewable resource development will benefit both residents and visitors to this area, by ensuring this area remains a beautiful and wild place for generations to come.

I urge the committee to please vote YES on this proposal to further the discussion of establishing this much needed state game refuge.

Thank you for your time and consideration on this matter.

Respectfully,

Ryan Yelle  
Anchorage, AK

**Subject:** HB 272 - Tangle Lakes State Game Refuge

Members of the House Resources Committee:

I am writing to thank you for considering HB 272 to establish the Tangle Lakes State Game Refuge. I urge you to support this bill, both to protect this incredible area to provide permanent protection for fish and wildlife populations and their habitats, as well as to protect the area for its incredible recreation opportunities, including fishing and hunting.

I often visit the Tangle Lakes area, mostly to paddle the Delta River and for tundra hiking and berry picking. It is an incredible resource, well worth giving our highest levels of protection.

Thank you!

**Subject:** HB 272 Tangle Lakes Refuge

Hello -

I am writing to ask that you support HB 272, the bill to form a Tangle Lakes State Game Refuge. This region is simply too valuable to allow mining to impact it. With the Nelchina Caribou herd roaming over much of the land, it is an area rich in beauty and subsistence resources. I have many wonderful childhood memories from the area: quietly canoeing around the lakes with my sisters, picking blueberries with my Mom, and my first caribou hunt with my Dad. I have continued these activities into adulthood, and look forward every year to an autumn trip to Tangle Lakes. I just had my first child this winter, and I look forward to sharing these same experiences with her in the years to come. Please do your part to protect this beautiful region for the wildlife that inhabit it, and for the rich experiences it offers for future generations.

Thank you,

Rebekah Donohue

**Subject:** HB 272 Tangle Lakes State Game Refuge

I am writing to voice support for HB 272 Tangle Lakes State Game Refuge.

I believe that protecting this area is important to help maintain a healthy Nelchina caribou herd as well as providing for all the wildlife in that area. I hunt this area every year with a tier 1 subsistence permit and I believe that we need to protect these lands for future generations of hunters.

Our family also enjoys berry picking, ptarmigan hunting and canoeing in the Tangle Lakes area and one reason is because of its incredible scenery.

Please pass this bill.

Sincerely

David Yemm

**Subject:** In Support of Tangle Lakes State Game Refuge!

I wanted to send my support of the proposed Tangle Lakes State Game Refuge. This is one of the most accessible and beautiful landscapes we have in this great state. It is an amazing river trip. Due to its accessibility, it does have pressure from resource development, and if not protected, will likely eventually be lost for short-term gains. I say protect the landscape for the long-term benefit of the residents of this state.

Subject: SUPPORT FOR TANGLE LAKES STATE GAME REFUGE – HOUSE BILL 272

Honorable Legislators,

I support the designation of the Tangle Lakes State Game Refuge and House Bill 272.

This area is the bread basket of Alaska! The game, berries and fish in this area support people all around the road system of Alaska, it is a vital supermarket for us! Our sons shot their first moose and caribou here. They spent their first nights camping and berry picking along the Denali Highway. They shot their first ptarmigan in this area. We have many favorite fishing spots here. This place is easily accessible from the road system to obtain food that is part of the Alaska tradition.

This area is vital for the caribou migration. It has prime game habitat. It contributes to the BLM Delta Wild and Scenic River Corridor. Tourism along the Denali Highway continues to increase.

We have hiked many of the trails here. In the winter, we have snow machined through this area. We enjoy driving the Denali Highway when the fall colors are out and watching thunder storms roll across the tundra. This is an easily accessible area for recreation for so many people!

I urge you to make this a designated State Game Refuge and allocate funding and resources to maintain it as such. Please quit selling out this state to mineral extraction companies! Alaska should be in the forefront to conserve our pristine natural resources! Once they are gone, they will never be reclaimed!

Thank you for reading this.

Lynn Grams  
Copper Center

Dear Representative Josephson; Thank you for your effort to preserve the Tangle Lakes region with the introduction of **HB 272: Tangle Lakes Game Refuge**. I have hiked, canoed, fished and photographed the area on two extended trips to Alaska. First in 1985, and again with my grandson in 2004, when he caught his first grayling (he also caught a 56 pound King Salmon while fishing the Kenai River with guide Jim Wilson).

The Denali Highway area is truly an irreplaceable treasure, with the Tangle Lakes area it's gem.

Best regards, Bob Sullivan

Subject: Proposed Tangle Lakes State Refuge

To members of the House Resources Committee and all concerned with Tangle Lakes,

I am the Conservation Chair of the Arctic Audubon Society and representing them with these comments. The Arctic Audubon Society , a chapter of National Audubon, includes all Alaskan members living north of the Alaska Range, about 225 in number.

We are in favor of HB272 and urge you to advance this bill with full recommendation. We feel this area is best protected for appropriate public use by becoming a State Refuge which will allowing planning and oversite to guide its further development and use. Alaska his no longer a state of neighbors, we have grown large enough that one can go to favorite haunts and never see a familiar face. Some structure is necessary to guide the uses of this area into the future.

To our members Tangle Lakes is a favorite summer destination for camping, float trip put ins, hiking, fishing, fall hunting, and most famously of all, blueberry picking. It is a glorious get away destination for the majority of Alaskans living in the bigger cities of Fairbanks and Anchorage. It is truly an unique coincidence of streams, lakes, tundra and mountains that compliments whatever weather is brewing and inspires the soul.

We urge you to advance this bill promptly.

Thank You for your attention,

Gail Mayo
