FISCAL NOTE ANALYSIS

STATE OF ALASKA
2018 LEGISLATIVE SESSION

BILL NO. HB 329

Analysis

HB329 would enact a registration and regulatory structure for Appraisal Management Companies (AMC) operating in this state. The appraisal management company is the only entity in the real estate valuation process that is not currently subject to licensing or regulation in Alaska, nor are there any laws or regulations specific to their activity.

This legislation amends AS 08.01.065 to allow the department to set, collect, and submit a fee to the federal government.

The division will require one Occupational Licensing Examiner as a result of this legislation; the increased workload associated with this program cannot be absorbed by existing staff. To implement this legislation, regulations will also be required.

If the bill passes the following expenses will be incurred:

Personal Services: \$80.5 (one permanent Occupational Licensing Examiner, range 14)

Services: \$15.0 (on-going support services for new position)

\$4.6 (one-time large regulations project)

\$2.0 (annual hearing services)

Commodities: \$10.0 (one-time startup costs of new position)

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
