

# Senator Peter A. Micciche

*Alaska State Legislature*

**Session Address:**

Alaska State Capitol, Rm. 508  
Juneau, Alaska 99801-1182  
Phone: (907) 465-2828  
Toll Free: (800) 964-5733

**Interim Address:**

145 Main Street Loop, Ste. 226  
Kenai, Alaska 99611-7771  
Phone: (907) 283-7996  
Fax: (907) 283-8127

SB4

## Sponsor Statement

During this time of recession in Alaska's economy, we are evaluating the balance between quality training programs and situations where government has hindered commerce and the ability for Alaskans to earn a living. Revisions to the barbers' and hairdressers' statutes provide several opportunities to correct these imbalances.

Under Title 8 licensed professionals regulated by the Board of Barbers and Hairdressers (Board) must work in a licensed shop. These students or practitioners are required by statute to conspicuously display their licenses, however the shop owner is not. This inequity has led to employees being fined because, unbeknownst to them, the shop owner's license had lapsed. SB4 requires the shop owner to conspicuously display the shop license, as well as the licenses of employees, renters and students.

By statute, an individual must obtain a shop certification from the Department of Environmental Conservation (DEC) before they receive a license from the Board of Barbers and Hairdressers. The DEC is no longer providing certifications due to budget reductions. SB4 will allow a DEC standard self-certification process regulated through the Board.

Additionally, SB4 creates two new license types. First is a non-chemical barber's license. Currently, all barbers are held to nearly the same standard as hairdressers and are required to have practical training in chemical waving, chemical straightening, bleaching, and coloring. They must complete a total of 1,650 training hours, which is equivalent to hairdressers. SB4 will open the door to more Alaskans interested in joining the industry by balancing training requirements and reducing the burden. In essence, the bill provides more economic opportunity and less government-induced burden for hard working Alaskans. The higher-level barber's license will remain available to those who wish to perform chemical procedures.

Finally, SB4 will create a specific license for braiding. Braiders are also currently being held to the same standard as hairdressers, including the same 1,650 hours or more of practical training in addition to a written exam SB4 proposes 35 hours of training. This bill will welcome more workers into the industry, creating jobs and a stronger economy by balancing training requirements to the specific demands and required skills of the trade.
