FISCAL NOTE ANALYSIS

STATE OF ALASKA
2023 LEGISLATIVE SESSION

BILL NO. HB149

Analysis

This legislation streamlines the licensure and regulation of nurses by permitting Alaska to join 39 other states that recognize a multistate license with uniform qualifications and practice expectations. This will reduce barriers to licensure, enhance license mobility, and increase opportunities for nurses to practice in Alaska.

If the bill passes the Division of Corporations, Business and Professional Licensing will require \$43.4 to cover legal costs, regulations, printing, and postage in the first year. The National Council of State Boards of Nursing will reimburse the total cost of the regulations project and outreach through grant funding. The department requires statutory designated program receipt (SDPR) authority to receive these funds.
