HB 254 (33-LSo990\U.A) PROHIBITS PORNOGRAPHY TO MINORS

"An Act relating to minors and the Internet; and relating to use of social media by minors."

Section 1: Adds a new section that establishes civil liability if the person or entity intentionally publishes or distributes pornography and does not use a "commercially reasonable age verification method." The section also defines a "commercially reasonable age verification method" and regulates how identifying information is handled.

Section 1 (b) prohibits the retention of identifying information of an individual.

Section 1 (c) and (d) exempt news, public interest sites, internet service providers, search engines, and cloud service providers.

Finally, Section 1 (e) provides definitions for terms used in this bill.

Section 2: Adds a new section that establishes a "Parental Control Software Reimbursement" program under the Department of Family and Community Services which would provide a grant to parents of up to \$100.00 per child to purchase control software.

Section 3: Adds a new section that establishes protections for minors who are 15 and under by limiting their access to social media platforms.
