FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. SB073

Analysis

SB073 proposes to reduce the cultivator's tax burden from \$50 per ounce to \$12.00 per ounce effective July 1, 2025. No other changes are identified to where the taxes are appropriated.

If the gross taxes collected as a result of these changes are not revenue neutral, there will be fiscal impacts to Department of Health programs such as grants to afterschool programs, reentry and recidivism reduction programs, and substance use treatment programs.

Based on projections from the Department of Revenue, changing the rate from \$50 per ounce to \$12.00 per ounce would reduce projected revenue in FY2026 by \$11.8 million in FY2026, including \$3.0 million general fund, \$5.9 million recidivism reduction, and \$2.9 million marijuana education and treatment funds. The revenue reduction will decrease slightly in future years due to inflation, market growth, and population growth.

The reduced revenues will result in lower dollar amounts appropriated to the Department of Health for the comprehensive marijuana use education and treatment program and recidivism reduction program. General fund will be necessary to maintain grants.
