Agency:	Office of the Governor		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. HB 139

Analysis

This bill requires the Office of the Governor to rent the governor's mansion on a short-term basis when the legislature is not in session and the governor has not reserved the mansion in advance. The Office of the Governor would be required to adopt regulations and establish a system for making the governor's mansion available for a person or an entity to rent and to collect the fee charged for renting the mansion.

The fiscal impact of this legislation cannot be determined because occupancy by the Governor cannot reliably be determined in advance and the mansion must be available for the governor's use on short notice, both during and outside of the legislative session.

Added costs associated with unsupervised occupancy would include staff time to communicate with the renter, to manage the bookings and to manage access to the building, increased insurance and maintenance cost that includes wear and tear on the facility and its furnishings, potential modifications to the historic building to ensure the privacy and security of the residents and staff, and to complete security sweeps after an event or occupancy of the building.
