Hello, my name is Brenda Nowatak from Kokhanok Alaska, as the EPA assistant. Our community just got approved for Backhaul Alaska. We are doing everything we can to keep our people/land safe and healthy. Backhauling the E-waste out of our community is a big deal, and it plays a huge role in our backhaul work. E-waste is a major backhaul we do in our village. How are we going to get all of our E-waste out of the communities if this bill doesn't pass. Please hear us out and help keep many communities healthy and clean.
