FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. HB133

Analysis

This legislation requires an assessment of a 10.5% annualized interest rate on any State of Alaska contract payment that is later than 30 days past the invoice date. This provision also applies to non-profit, municipal, or Alaska Native organization grant payments that are not issued within 30 days of request. Both situations allow the state to temporarily withhold payment, without penalty, if conditions of the contract or grant are not being met at the time the payment request is made.

The Department of Health assessed current obligations and any late payments for FY2024. For contracts, the department determined that on average contract invoices were paid within 59 days within the Senior and Disabilities Services Division. For grants, it takes time to stand up grant documentation and budgets at the beginning of each fiscal year, which can delay the finalized grant agreement and lead to the perception that the grant payment is late. Invoices for contracts are evaluated and approved within each division. Workload, training, and overall capacity within the division impacts timely invoice payments.

It is important to note that no federal award dollars can be used for interest or fee payments, and the department would need to use state fund sources if interest penalties were incurred under this bill. Since interest and penalties cannot be paid with federal funds, and since federal funds comprise the majority of the department's budget, the department would require positions to increase administrative capacity to meet the requirements of this legislation.

To effectively manage the division's contracts and grants and avoid what calculates to be an estimated \$30.2 interest penalty resulting from late payments, a position would be necessary to manage accounts payable, grant payments, and funding balances within the state accounting system.
