**Subject:** Support New Revenue SB 92

Dear Senate Finance Committee Members,

My name is Cynthia Long. I am a constituent of Kasilof, Alaska. My retirement is suiting me; I have time for myself and my husband, Thomas Baxter. If there are any members from rural Alaska who remember me teaching in your village,hello.

First, Not funding education is not an option.

Second, the PFD for me, helped me get our federal tax debt caught up due to my husband's illnesses. He did not file. All of of the money from the dividends in 2024 went to cover 2015 debt. This has allowed us to remain living in our house and making mortgage payments. As you can see, the revenue source in October for me is crucial to my budget.

I support SB 92. Everyone needs to pay taxes.
