---

Good morning.

I am urging you to pass this bill that restructures the state corporate income tax so that it is applied equally to all companies in Alaska including S corporations. The change could generate as much as \$100-150 million in revenue per year.

Our communities are counting on and need state funding.

Imagine a map of our community. Imagine the map is full of **red dots**, each representing a moment **when someone uses words or actions to harm another person.**

Now imagine a **green dot** appearing on the map. A green dot is simply **a moment when someone uses words or actions to make our communities safer.** You mention violence prevention in your staff meeting. A green dot appears. A teen stands up to a bully. Another green dot. Each of these single moments matter deeply to the people whose lives you touch. **No one has to do everything, but everyone has to do something.** What's your GREEN DOT?
