FISCAL NOTE ANALYSIS

STATE OF ALASKA
2015 LEGISLATIVE SESSION

BILL NO. SB 55

Analysis

SB 55 expands the practice of optometry to include prescriptive authority, including authority to prescribe controlled substances. It authorizes the board to establish continuing education standards and prescriptive standards in regulation. In addition, it restricts the practice of optometry by clarifying that invasive surgery and intravitreal injection are not permissible by licensees.

If the bill passes the division will require \$2.5 to cover legal costs to amend regulations, printing, and postage.

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by receipt supported services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each program are set per AS 08.01.065 so the revenue collected approximately equals the occupation's actual regulatory costs.
