FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. SB135

Analysis

This legislation adjusts statutes related to fishery resource landing taxes that are shared with municipalities in Alaska. These revenues are collected by the Department of Revenue and transferred to the Department of Commerce, Community, and Economic Development (DCCED) for distribution to communities. This program is managed by the Division of Community and Regional Affairs (DCRA) through the Fisheries Taxes appropriation.

This legislation increases the amount of revenue that may be passed through to DCCED, where the revenue is received as inter-agency receipts. The Department of Revenue projects the change to total revenue transferred to DCCED for distribution to increase from \$1,320.1 in FY2024 to \$1,650.0 in FY2026 if this legislation were adopted. The Fisheries Taxes component currently has sufficient inter-agency receipt authority to accommodate the change in revenues received. As a result, the department does not anticipate fiscal impact from this legislation.
