Good evening,

I've just learned about the proposed supplemental benefits bill, and I'm writing in support. My husband receives this annuity through his position with the state. It is one of the primary benefits that drew us to Alaska and keeps us here long-term. I am a teacher, and as you know, we need far better retirement options. Expanding this legislation to include teachers would benefit not only me, but also future teacher recruitment and retention across the state. Thanks for your time.
