Subject: Testimony on Senate Bill 127 -- to repeal Senate Bill 91

I want to have my thoughts and words a part of the testimony to repeal SB91 completely and revert to the former law automatically at the time of repeal. SB91 has cost the communities, families, homeowners and the average citizen in every community millions in budget, out of pocket money resources, insurance on all types of properties and the very lives of citizens of Alaska. The wreckless and thoughtlessness of the leadership of Coghill and cronies in these committees, has taxed the energies of citizens to the hilt. Criminal activity has an upward spiral with more victims today than when Coghill and cronies began their devastating path of this bill. To me this bill needs to be repealed and the law reverted to the former law on the books at the time. The now, Governor Walker has given consent to the losses and problems faced by the average citizen of all ages due to his lack of discretion in signing it into law. Repeal it now!!!
