Sir/ma'am

My name is Darryl Morgan. I live in South Anchorage and I would like SB 91 repealed; not fixed. I am not a fan of the other pet projects that are a part of SB 91 has in it. The person that I am going to vote for is the person that supports its repeal no matter their political party. I do not feel safe in my own neighborhood. I live in a suburban area that i used to feel safe. That is not the case anymore. I hear cars racing up and down the road in the middle of the night. I hear gunshots as well. I have had my car vandalized in my driveway. This never used to be the case. I am tired of the governor blaming the legislature, the legislature blaming the judicial system, and the judicial system blaming the law tnat the legislature sent to the governor and he signed. I am tired of the recycling of thieves for non-violent crimes, were they are immediately released and commit more crimes before they fail to show up to court for the initial date.

Thank you

Darryl Morgan
