Dear Senator MacKinnon,

As parents of 2 girls, one 22 and one 15, my husband and I encourage you to pass HB-214 in Senate and move it out of committee in its current form and allow the vote to take place. As someone who has been a victim of abuse from a boyfriend, I believe this bill will save young lives. I have shared Bree's story with both my girls. They have both shared Bree's story with all their friends. I truly believe this bill is extremely important for our teens and young adults. PLEASE don't let more young people suffer because of politics. We need to educate teachers, parents and young adults and stop pointless violence and death of our children.
