Grants to Municipalities (AS 37.05.315)

Project: Anchorage - Port of Anchorage (HD 12-28)

Amount: \$20 million

Funding Source: 1004 Gen Fund (UGF)

Project: Nome - Support for Design of an Arctic Deep Draft Port at Nome to -40
MLLW (HD 39)

Amount: \$1.6 million

Funding Source: 1004 Gen Fund (UGF)

Explanation:

Port of Anchorage: This project reconstructs the Port of Anchorage's aging infrastructure. The Port is a vital asset in Alaska's economy. It handles more than 3.5 million tons of food, materials, vehicles, clothing, fuel and other goods annually. Half of the cargo that moves through the Port is delivered to final destinations outside of Anchorage and directly benefits 85 percent of all Alaskans. The Port is Alaska's only U.S. Commercial Strategic Seaport, one of 16 nationwide. Phase one of this reconstruction project is scheduled to begin in 2018. This state project is contingent on the Municipality of Anchorage providing the remaining necessary funding to complete Phase one, estimated to be \$87,000,000.

Port of Nome: Supports the design of an Arctic Deep Draft Port at Nome, as part of a larger maritime infrastructure system in the U.S. Arctic. There are 54 communities in Norton Sound and the Bering Strait region that rely heavily upon the Port of Nome as a transshipment point for fuel, equipment and supplies. As the only existing marine trade center for the Arctic, expansion is critical to ensure timely development of the Nation's first Arctic access deep draft port, as a support facility for military assets. Based on existing infrastructure, construction could begin as soon as 2023.

To: SB 142

Insert Section 7:

Agency:

Department of Health and Social Services

Appropriation: Medicaid Services

Allocation: Health Care Medicaid Services

Amount: \$47,986,000

Funding Source: General Fund Match (Code 1003 – UGF)

Explanation: While a continued decrease in the percentage of state general fund spending for the average medical assistance recipient is reported between FY2016 and FY2017, the enrollment for non-Medicaid expansion continues to increase into FY2018. The projected general fund expenditures for FY2018 is \$664,233,900 and after excluding the request for CHIP, a state general fund shortfall of \$92,986,000 is expected. \$45,000,000 was appropriated in the Fast Track Supplemental which leaves \$47,986,000 in state liability. This amendment is crucial to ensuring the state pays its debts.
