BILL NO. SCS CSHB127(JUD) \T

### Analysis

This bill amends the law relating to stalking by adding to the definition of nonconsensual conduct methods of contacting people with modern technology such as global positioning systems. It makes a clarifying amendment to AS 11.51.100, which prohibits endangering the welfare of a minor. It adopts new statutes to prohibit sending an explicit image of a minor and misconduct involving confidential information. It also increases the penalties for the crimes of online enticement of a minor and unlawful exploitation of a minor. The bill makes it clear that the commissioner of corrections may, in his or her discretion, provide supervised probation to a person on probation for conviction of a misdemeanor.

The bill also eliminates conflicts between court rules and statutes in regard to the deadline for bringing an arrested person before a judicial officer, the offenses of failure to carry and show to law enforcement a driver's license or proof of insurance, and burning a vehicle on public property.

The Senate Judiciary Committee amended the crimes of sexual assault in the third degree and sexual assault in the fourth degree by prohibiting a peace officer from engaging in sexual penetration or sexual contact with a person in custody or apparent custody. The committee also added to the discretion of a judge the ability to require persons convicted of certain sex crimes against children to live more than 500 feet of school grounds.

The crimes in this bill can be prosecuted with current resources.
