Sheila,

Per your request:

**1. Communities that would become eligible by adding "home rule municipalities"**

Nenana (home rule city)  
Yakatat (unified home rule city and borough)

**2. Communities that would become eligible by increasing the population limit from 600 to 1000 for first class cities, home rule municipalities and unincorporated communities:**

Akiachak (unincorporated - pop 627)  
Kipnuk (unincorporated - pop 639)  
Yakutat (home rule municipality – pop 662)  
Klawock (first class city – pop 755)  
Hoonah (first class city – pop 760)  
Ninilchik (unincorporated – pop 883)  
King Cove (first class city – pop 938)  
Sand Point (first class city – pop 976)

*(Please note that all 114 second class cities in Alaska are currently eligible, regardless of population. All of these communities would remain eligible. Additionally, unincorporated communities with a population between 25 and 1000 would also remain eligible for funding.)*
