Representative Calvin Schrage
Alaska State Capitol, Rm 410
Juneau, Alaska 99801

Representative Schrage:

We write to thank you for sponsoring HB 121, which considers, and if passed, would adopt important updates to the regulation of the practice of accountancy in Alaska.

The Alaska Society of CPAs (AKCPA) currently has over 600 members that include students, educators, and CPAs and accountants in both public and private practice. Together we represent a wide array of Alaskan accounting professionals. The AKCPA's overall mission is the promotion, upgrading, perpetuation and unification of the accounting profession. To that end, we provide a variety of services to our members, the profession and to the public. These services include continuing professional education; collection and dissemination of information on the profession to members; monitoring and influencing legislation and regulation by the government and the profession for the public convenience and welfare; collection and dissemination of general information and making Alaska a better business environment.

On behalf of our members, the AKCPA would like to express our support of the changes proposed in HB 121. We thank you for your continued efforts to protect the public interest and for ensuring that all licensees meet the appropriate standards of competency.

Thank you for your consideration of this request.

Sincerely,

Margaret Hernandez, CPA
