- 2 acute, 5 subacute → 306 psychiatric treatment beds

RECIDIVISM'S DOWNWARD TREND

General Recidivism Rate

- DOC recidivism data is sourced from the Alaska Corrections Offender Management System (ACOMS). For the sake of consistency, we are utilizing the previous Departmental definition of recidivism. This definition accounts for the reincarceration of convicted felons due to a new sentence, including parole or probation adjudications, within three years of their release.
- FY2013 67.10%
- FY2017 60.61%
- FY2019 58.49%
- FY2021 54.59%
