Dear House Finance Committee,

Please vote no on HB300.

Please pay a PFD to Alaskans based on the 40 year old State statute.

Alaskans know best how to spend their own royalties from Alaska's oil wealth savings account earnings.

Please cut Pers and Ters retirement program payments by 50 percent. It was created illegally. Any Legislature cannot bind a future Legislature to pay indefinitely. This will free up some cash for essential Government services.

Thank you for your hard work.

Respectfully,

Chris Hayes
