Subject: Re: Board of Fish nominee and reappointment

Sorry John Murray again I clicked the send too early.

He is well versed on process and runs a good meeting when asked. I found him to be very thoughtful, knowledgeable and friendly at the meetings. Having him on the Board will enhance the process because he is up on many of the fisheries already also ADFG regs and Board policies.

I support Olivia Henaayee Irwin for the seat vacated by Mr. Zuray to the Board of Fish. With her background and knowledge base she will be a good addition to the Board. Her rural and Native roots should add balance to the process. I really think her passion to encourage youth to actively participate in the public process is admirable.

Thanks for reading my thoughts. If you or staff want to engage further my cell is 907-738-6212
Sincerely John Murray
