Subject: AKLN courses provide distance education for Alaska's youth
Date: Tuesday, March 31, 2015 9:57:33 PM

I am writing in support of AKLN which has significantly enhanced the education of several of our high achieving students this year. Thanks to AKLN, we have had our first ever opportunity to offer Advanced Placement learning opportunities, as well as coursework in Computer Science. Please maintain funding for this important program.

Sincerely,
Stephanie Harold
