**Why this fiscal note differs from previous version/comments (if initial version, please note as such)**  
 This fiscal note is drafted by the Senate Finance Committee to reflect changes made in the second Senate Finance Committee Substitute (CS) for HB 57. The second Senate Finance CS directs the Department of Education and Early Development and the Department of Labor and Workforce Development to track graduating high school classes inclusive of out-of-state monitoring (a new requirement). Costs would be incurred by matching high school graduate information from the Department of Education and Early Development with wage data from the unemployment insurance program and Permanent Fund Dividend data from the Department of Revenue, as well as a fee paid to the National Student Clearinghouse in order to match Alaskan high school graduate information to data collected by the Clearinghouse.
