MEMORANDUM

Summary of Changes Between SB 103\A and SB 103\M

The CS for SB 103 incorporates a definition of firefighters covered by the worker's compensation presumption of compensability and amends it to include the words "state or" to clarify that the provisions also apply to the University of Alaska firefighters who were inadvertently left out of this provision as a result of the current wording.

This definition was originally cited by reference (AS 09.65.295). The language of the definition otherwise remains identical to language incorporated by reference in the bill.
