FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION

BILL NO. SB 157

Analysis

AS 11.66.280(2) defines 'gambling' and exclusions to gambling. This bill amends the exclusions to include amusement devices:

1. Where the player is given something of value such as a ticket or a token to redeem for items such as toys, candy, and electronic novelties; and
2. Where the player is able to manipulate a claw machine to receive merchandise directly from the machine.

The Department of Revenue oversees Title 5, Chapter 15, Games of Chance and Contests of Skill which provides for certain gambling activities to be permissible, but does not address the amusement devices described in the bill.

This bill is not expected to have a fiscal impact because the described amusement devices are not subject to oversight by the Department.
