HJR 15

Explanation of Changes: HJR 15, Version I to G

All deletions reference page and line numbers from the route version I, while all additions reference page and line numbers from the Community and Regional affairs Committee substitute, version G.

Page 1, line 9: Deleted "immediate and severe." And added "Increased" to better fit the tone of Resolution.

Page 1, line 10: Added "Southeast Alaska" to list of high-risk places

Page 2, lines 27-31 of version I: Deleted "; conducting full reviews of available response equipment, joint response agreements, ad water resources; identifying opportunities for additional water storage and access points; and inspecting and treating aircraft landing zones and roadways, especially those that are single-access routes to large."

Page 2, line 24-25 of version G: Added ", with special attention to single-access routes to" to better encompass firefighting response goals.

Page 3, line 17 of version I: Deleted "before May 1, 2025"
