Co-Chairs Rep. Robyn Burke and Rep. Maxine Dibert
House Resources Committee
Alaska State Legislature
Juneau, Alaska

Esteemed representatives,

My name is Lester (Skeet) Black. I am an Alaskan, born and raised. I am a member of the RDC, and a board member with the Alaska Industry Alliance. I have raised my children here, and am trying to keep them in state. They need opportunity, and they need a visible future.

I am writing this to show my official support for HJR 18.

The natural gas pipeline is a legacy project that will provide opportunities for Alaskans for years to come while providing an economic engine for the state. It has real potential now, and like we saw with the Willow project, when Alaskans come together, we can make things happen. Please support this legislation.

Thank you for your consideration,
Skeet
