## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2025 LEGISLATIVE SESSION

BILL NO. HB 156

### Analysis

This legislation adds statutory language in AS 23.10 requiring all public and private sector employers, including the University of Alaska and the Alaska Railroad Corporation, who advertise for employment to include in the notice a full description of the salary and/or salary ranges for all advertised job openings. This legislation also prohibits employers from inhibiting employees from discussing wages amongst themselves or from requesting wage information from another employee. Employers cannot request past wage information from an applicant. It also requires all employers to display a summary of the act in a prominent location in the workplace, visible to all employees.

This legislation prohibits an employer from penalizing or discriminating against an employee in the exercise of their rights under this act. Civil penalties may be sought by the employee for damages and lost wages in addition to fines recoverable by the state. The department may impose fines or penalties against a violating employer of not less than \$100 or more than \$2,000 as determined by the Commissioner. Each day a violation occurs may also constitute a separate violation.

Wage and Hour anticipates three (3) full-time positions will be needed to handle the influx of calls, questions, and complaints and fines to fulfill the statutory obligations of this proposed legislation: Investigator 3 (Range 18), Accounting Tech 2 (Range 14), and Administrative Assistant 2 (Range 14). These positions will be required to staff the operations arising from this legislation.
