FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

BILL NO. HB212

Analysis

This bill amends the definition of "local contribution" in AS 14.17.990(6) used by the Public Education Fund (PEF) to exclude appropriations or in-kind services for student transportation, nutrition services, food services, preschools, pre-kindergarten or other early education programs, career and technical education, before-school and after-school programs, and student activities.

The proposed statutory language conflicts with the federal definition of "current expenditures" used in the federal Impact Aid Program (IAP). As a result, these excluded services would be included in the calculation for the IAP disparity test.

Failure to pass the IAP disparity test would result in increased state expenditures equivalent to the amount that would otherwise have been offset by applying Impact Aid to a district's Basic Need calculation. The estimated annual cost impact, based on the FY2026 Basic Need calculation, is \$80,807.5.

The proposed effective date of the bill will affect the FY2027 Foundation Projections.
