Subject: Add personal use to HB 125

Dear committee members,

In reading HB 125 I found that there is a glaring omission for representation of a group of Alaskans.

I don't support HB 125 unless it is amended to include a seat for personal use fishers.

Please include a seat on the board for those Alaskans, like myself, who dipnet and depend on access to this precious Alaska resource.

Thank you,
Alisa Williams
Fairbanks, Ak
