## FISCAL NOTE

STATE OF ALASKA  
2012 LEGISLATIVE SESSION

BILL NO. HB266

### Analysis

This bill would allow naturopaths to prescribe certain drugs to their patients. In order for Medicaid to pay pharmacies for these prescriptions, modifications would need to be made to the Medicaid Management Information System (MMIS) and the pharmacy Point of Sale (POS) system.

MMIS and the Provider Enrollment Portal would need to be modified to allow naturopaths to enroll in Medicaid as prescribing providers ; new federal rules require that prescribers must be enrolled with the Medicaid program. The Department estimates the one-time cost of this change to be \$25.0 for FY 13.

The POS would need to be modified to edit claims for naturopath-prescribed drugs to ensure that Medicaid only pays for drugs that are within the naturopath's scope of practice. The Department estimates that there will be a one-time cost of \$50.0.

Modifications to the Medicaid claims processing system are expected to be paid with 75 percent Federal Reciepts and 25 percent General Fund Match.
